

Registration opened at 6am this morning and seconds after 6am the first registration was received, followed closely by a bunch of others, all making sure they secured entries for the inaugural Liberty Health Baviaanskloof Trail Run.

Gerhard Vosloo made certain of his slot - first registration was Gerhard's.

In view of the fact that the route takes runners through area inhabited by dangerous game Eastern Cape Parks have limited the number of runners. This run will be a unique experience for those fortunate to join us in the Baviaanskloof in September.
