

Entries came through at pace for the inaugural Liberty Health Baviaanskloof Trail Run and the available slots have been filled.

However registrations are being accepted for the Reserve List.

When an entry slot becomes available, such as when an entrant forfeits their entry through non payment of an entry fee or withdraws from the race through injury, illness or any other reason, we will invite the next person on the Reserve List to complete the entry process and take up the slot.

Reserve List changes can take place up to 26 August so there is a reasonable probability that entries will become available to those registered on the Reserve List.

To ensure you have a good chance of taking up a slot, register early.
